

## NEW ANNEX AT COUNTY HOME OPEN TO PUBLIC NOVEMBER 7, 8

The newly remodeled annex at the County Home will be open for inspection November 7 and 8, the Adams County Commissioners announced today.

Members of the County Home Auxiliary will be on duty from 1 to 4 o'clock both days to escort visitors through the new structure and explain the uses of the various rooms and equipment.

The newest section of the county home replaces what once was a dilapidated structure. In the earlier years of the county, the structure was used to house the insane. It had rooms made of thick brick walls with bars over the windows and steel floors.

Work started Year Ago

In later years much of the prison-type construction was removed, and the brick cells converted into usable rooms.

A year ago the commissioners let a contract to completely change the interior of the old structure, leaving the exterior walls. Then an entirely new interior resting on a steel frame construction, was placed inside the walls. The old windows were removed and replaced by large aluminum frame windows.

Now the building is a completely modern structure with 20 rooms for guests at the county home, a reception room and a day room. All new furniture has been purchased. Floors are of asphalt tile on concrete. Five of the rooms are fitted with hospital type beds for use of ill guests and the other beds are modern bedroom.

## ELDERLY MAN WHO VANISHED HERE IS SOUGHT

Borough and state police today joined in a search for Quinton H. Riddle, an 83-year-old half-blind man who left his E. Middle St. home about 11 o'clock Wednesday night, was seen twice within the next three-quarters of an hour, and then completely disappeared.

Borough police searched throughout the Culp's Hill and battlefield area this morning while state police covered the country roads within walking distance from the town for a trace of the man.

A retired farmer, Mr. Riddle moved to Gettysburg about two years ago and since then has roomed at the home of Russell Nunemaker, 43 E. Middle St.

Seemed Confused

Mrs. Nunemaker said today that he had appeared mentally confused and nervous Wednesday and had appeared to have difficulty negotiating steps. Because of his condition, Mr. and Mrs. Nunemaker had asked Mr. Riddle to refrain from his usual daily walk and he had promised to see a physician about a pain in his head.

About 9 o'clock Wednesday evening he retired and about 11 o'clock Mrs. Nunemaker heard him leave his room and the house, failing to close the door behind him. The Nunemakers assumed that possibly Mr. Riddle had gone to a restaurant for coffee.

When he failed to return within a reasonable time, they began a search that continued on and off through the night. This morning police began the search of the surrounding countryside.

Seen On Baltimore St.

He was seen sometime after 11 o'clock on the second block of Baltimore St. and about 11:45 o'clock borough police noticed him walking farther south on Baltimore St.

He moved to Gettysburg from near Abbottstown where he had farmed with a son, Raymond Riddle. He has four daughters residing in and near York and two daughters living near Richmond, Va.

He was described as a "fairly tall man, and of about normal build." Suffering from a cataract in one eye and poor vision in the other, he carried always the usual white cane and always walked slowly. He was described as accustomed to taking long walks daily, sometimes walking five or six miles in a day.

## "Surprise" Announcement Will Be Made On POW Release Fuss

By FORREST EDWARDS

PANMUNJOM (P)—The promise of a surprising announcement tomorrow touched off reports here today that balking anti-Communist Korean prisoners have agreed to abandon their stubborn refusal to attend interviews with Red ex-plainers.

Communist demands that the Koreans be forced to attend—at gunpoint if necessary—have all but wrecked the Neutral Nations Repatriation Commission.

Lt. Gen. K. S. Thimayya, Indian chairman of the deadlocked commission, touched off the speculation with a cryptic statement that he would have a "surprising" announcement Friday.

Neither Thimayya nor other Indian officers would amplify his remarks.

But a reliable source said the announcement would concern the reluctant 7,800 North Korean prisoners.

Their agreement to attend Red efforts to persuade them to return to their Red-dominated homelands would be a major victory for Thimayya. The Indian general has fought to prevent a blowup of the NNRC while striving to convince North Korean POWs they should attend.

Explanations have been stalled 10 days.

A surprising announcement other forms.

The Communist Polish and Czech members of the deadlocked NNRC could drop their demand that Indian troops use whatever force necessary to make the North Koreans attend explanations.

The Swiss and Swedish members could drop their opposition to using force.

Thimayya, who has consistently taken the position that force cannot be used on the North Koreans unless it is unanimously okayed by the entire commission, could change his mind, agree with the Polish and Czech delegations, and on a 3-2 vote declare that force would be used.

## Thousands See Town's Biggest Halloween Parade In Years On Wednesday Night; List Winners

## \$7,369 DONATED TO CHEST FUND; \$13,131 SHORT

Gettysburg's Community Chest drive contributions now total \$7,369.25, Fund Chairman Eugene R. Hartman announced today.

The amount is slightly more than one-third of the \$20,500 the Chest requires to provide financial support for the coming year to six local organizations. These groups are: Boy Scouts, Girl Scouts, County Library, YWCA, Civic Nurse and Recreation Association.

Attorney Hartman said Chest officials were "heartened" by the results shown at Wednesday night's "Report Date" at which team captains reported on the progress of the drive to date in their respective areas.

The \$7,369.25 is about \$2,000 more than had been received up to the same time in last year's campaign, Hartman said.

Many Increase Donations

He added that the receipts so far show that most donors have given more generously this year than last to help make up for the anticipated loss of about one-third of the normal donations to the fund.

So far 410 contributors have been listed by the Chest. Last year, 608 had given by the same date. Increased donations are needed from individuals because the \$7,000 usually donated by the local clubs to the Chest will be slashed greatly this year because of declining revenues.

Attorney Hartman again thanked the community "for the splendid support being given Community Chest both by solicitors and donors."

The next "Report Date" for the solicitation will be this evening at 7 o'clock in the Philip Biele insurance office, Baltimore St.

## PLAN DRAINS ON BUFORD AVE.

A plan to divide the cost of placing additional drains on Buford Ave. between the Reading Railroad, the borough and the state Highway Department was discussed at a meeting of railroad and borough officials this morning at 10:30 a'clock at the point where the Reading spur crosses Buford Ave.

All were agreed that new drains and culverts must be installed to provide drainage of water from Buford Ave. during heavy rains. At the present time the raised railroad crossing serves as a form of dam to impound water causing flood conditions along Buford Ave.

A. C. Palmer, Reading, division engineer for the railroad, and G. E. Williams, Harrisburg, division supervisor of maintenance, agreed to make a survey to determine the cost of the new drains.

They will report to council when their study is completed after which further action will be discussed.

Representing the borough at the meeting were Councilmen George March, M. P. Hartzell, Kenneth Johns and Daniel Shealer, Burgess William G. Weaver, Borough Engineer LeRoy Winebrenner and Borough Solicitor Attorney Eugene V. Bulleit.

Ghosts, goblins, witches, spacemen, brides, mountaineers and various weird and unearthly apparitions by the hundreds marched Wednesday night in the largest Halloween parade Gettysburg has staged in years.

Nearly 8,000 jammed York and Chambersburg Sts., Lincoln Square and parts of Franklin St. to watch, under perfect weather conditions, the costumed marchers, drill teams, floats, bands, and others making up the three divisions of the parade.

Arthur J. Roth, chairman of the Gettysburg Association of Clubs committee which sponsored the events, today expressed the appreciation of the organization "to all who helped with the event, for it was the combined effort of hundreds of people to make it a success." He especially expressed his thanks to Major William Lipsey, parade marshal, and his ROTC staff for the "splendid manner in which they handled the parade."

The youngsters were masked during the parade and their identity was revealed at a program held at the Recreation Park following the procession. They rode in cars with Burgess William G. Weaver and Council President H. M. Oyler during the parade.

The Tau Kappa Epsilon float, imitating a college trophy, with the men on the float sprayed with gold paint, won the \$60 first prize for floats. ## WRIGHT, ERVIN ENJOY LUNCHEON VISIT AT HOTEL

Judges J. Colvin Wright, of Bedford, and Harold L. Ervin, of Drexel Hill, Republican candidates for the Superior Court, paid a "courtesy call" in Adams County Wednesday where 27 court house officials, county candidates, Chairman John H. Basehore, and other Republicans attended a luncheon in their honor at the Hotel Gettysburg.

"Judge Ervin and myself have not campaigned in Adams County," Judge Wright said, "out of courtesy to our Democratic opponent Judge Sheely. We had long ago decided to avoid the county because we did not wish to campaign in our opponent's county. However, we just had to accept an invitation to visit Gettysburg for a few hours."

"We have had the nicest and most pleasant luncheon and visit. We have enjoyed our very brief visit to the utmost and feel flattered to have had such a fine group at the luncheon."

Worked For Ike

Judge Wright recalled that he was an unpledged GOP delegate to the reception for President Eisenhower at his farm last June. "That was a wonderful gathering. From that farm I went to the Chicago convention and worked for the president's nomination and election. The credit for his election, however, goes to the women," he said.

Judge Ervin said the Superior Court election next Tuesday "is the prelude to the 1954 Congressional election."

Both candidates expressed confidence in the outcome.

Following the luncheon the candidates held long telephone conversations with GOP headquarters in Harrisburg after which they drove to Chambersburg for a Republican rally.

Basehore announced that he has completed the 18 zone meetings he held in the county at which he conferred with candidates, workers and committee members. "I'm confident Adams County will remain in the Republican victory column again this year," the GOP chairman said.

## "No Development" Today In Littlestown Police Situation; Keefer, Committee Seek Men

Littlestown Borough Secretary Roger J. Keefer said today there were "no developments" in the Littlestown police situation which, as it now stands, will find the town without a burgess, chief of police or three special police officers after midnight Saturday.

Mr. Keefer said he has not placed an advertisement for a new chief of police, as he was authorized to do by council at its meeting Tuesday evening after Burgess Herbert Motter, Chief of Police Melvin Swab and three special policemen had turned in written resignations. He indicated that he felt the "free publicity" given Littlestown's plight might help turn up applicants for the various openings.

Safety Committee Chairman Harry Harter and his committee have been given the task of obtaining special policemen to serve on a temporary basis. There was no progress report available from them today.

In accepting Swab's resignation Tuesday, council acted "with regret" and commended him highly for his police work.

### Discuss Pavement Curbing

Arthur Beuhler, president of the Joint School Committee of the Littlestown Joint School System, appeared before Council Tuesday relative to the notice sent to the Littlestown School Company, present owners of the Memorial Field, requesting that sidewalk and curbing be constructed along Memorial Field on Maple Ave.

Mr. Beuhler explained that ultimately the school system would own the Memorial Field and that the field was considered along with the other portion of land on which the grade school is being built as the minimum area which the state would approve for such school building construction. Mr. Beuhler requested that Council bear with the school members in deferring the demand for the sidewalk construction until such time as they would be able to pay for the construction from a contingency fund on their bond issue. If they could manage the necessary funds, the sidewalk and curbing would be placed as soon as possible; otherwise, the construction would have to wait until their next budget is made up in May, and

then there would be a provision made to construct both the Maple Ave. and E. Myrtle St. curbs and walks.

A lengthy discussion was held by Council during which it was stated that it was hoped the remaining debt on the Memorial Field would be cleared within the next few months in order that it could become the property of the school. It was finally decided by Council that as long as the title of the Memorial Field remains in the Littlestown School Company's name, it is up to the owner to construct the walks and it was voted to forward a legal notice to the Littlestown School Company to construct the curb and sidewalk.

**Extend E. Myrtle St.**  
Solicitor Daniel E. Teeter presented to Council, a draft of Ordinance No. 145, laying out and opening a street, extending E. Myrtle St. from the east property line of Maple Ave. to the northerly projection of the east property line of Park Ave. The ordinance was adopted by unanimous vote.

Council also adopted Ordinance No. 144 which the burgess vetoed, with an explanation that he felt it would eventually be a hardship on the taxpayer as the extra cost would go to them. Ordinance 144 provides an increase in the outside plumbers permit fee, from \$10 to \$25.

**Thank "Good Neighbors"**  
Councilman Prock, chairman of the Street committee, informed Council that all the street work proposed on Park Ave. and Crouse Park had been "completed satisfactorily" by the Gettysburg borough workmen and the secretary was instructed to write a letter of appreciation to the Gettysburg Borough Council for their "neighborly act" in furnishing the workmen to assist with the street work.

The Water committee reported that due to the citizens' complying with the request for conserving water and the borough's limiting the use of it, there is no serious shortage of water and with the rain this week, it is hoped that the supply has been adequately replenished. Councilman Reaver reported that the new Cook deep well pump has not yet been received.

### "WE'LL RETRACE TIME"

We'll make up for each sorrow . . . that we go through today . . . for we have had our heartaches . . . since first you went away . . . I'll spend these days apart dear . . . planning for the things to be . . . when we will be together . . . for all eternity . . . we'll use each lonely hour . . . composing thoughts to send . . . across the miles between us . . . so hopes will never wend . . . and as we scan the letters . . . we'll read between each line . . . and if we do this darling . . . I know the sun will shine . . . for though the time seems endless . . . our love will make it go . . . because our love is true dear . . . and it will always glow . . . so when you're sad and lonely . . . bid heartaches fond adieu . . . for we will make it up dear . . . when stormy skies turn blue.

Halloween games were enjoyed by the group.

A program followed the recreation period, and Mrs. Carl H. Baumgardner, leader for the evening, read the Scripture and offered prayer. She also introduced the topic for discussion, "A Mission in Our Midst." Those who participated in the discussion follow: Mrs. L. Robert Snyder, Mrs. Paul Mayers, Mrs. Milton Harner, Mrs. George Schaeffer, Mrs. Robert W. Gouker, Mrs. H. Dean Stover, Mrs. David S. Kammerer Sr., Mrs. Fred W. Blocher, and Mrs. Charles Ritter. read by Mrs. Snyder and Mrs. Stover. The program concluded with silent prayer and the missionary benediction was repeated in unison.

The business session was conducted by Mrs. Snyder, treasurer, and Mrs. Harner, secretary. Plans were made for the society to be in charge of the annual thank-offering service on Sunday, November 22, at the 10:30 a.m. church worship service. Mrs. H. D. Hummer, a missionary on furlough from Argentina, has been secured as the guest speaker for the special service. It was decided that the society will visit the Adams County home in the near future. The guest package was contributed by Mrs. Charles Ritter and received by Mrs. Paul Mayers. Refreshments were served to the group by the hostess. The next meeting will be held Tuesday, Nov. 24, 7:30 p.m. at the home of Mrs. Robert W. Gouker, Cemetery St.

## TRUMAN CAN SAVE \$100,000

WASHINGTON (AP)—Former President Truman could save nearly \$100,000 in income taxes on his to-be-published memoirs, under a ruling made by the Internal Revenue Service.

The ruling is that a taxpayer who "is not an author by profession" could be paid on an installment basis for the "sale of a literary composition, together with suitable material from which illustrations can be made."

This arrangement, allowing payment spread out over five years instead of a lump sum in one year, would call for tax payments at lower rates.

The revenue service would not say who was the subject of the ruling, published in its weekly bulletin, but Truman was understood to have requested it.

Life magazine has said it will publish the Truman story. The price, never officially disclosed, has been generally reported as \$600,000.

## Today's Talk

By GEORGE MATTHEW ADAMS

**UPWARD — CHANGE**  
We live in a very fast moving age. Often I wish that it didn't move so fast. We need more time in which to genuinely live. No sooner has there invented one outstanding thing than it is replaced by an invention so radical that it may have a separate name of its own.

Hardly before we realized it, we had our radio, our long-distance planes, flying all over the earth, and our TV. Now we are apt to wake up some day soon to see color in our TV sets — and perhaps before we know it — three dimensions upon the screen in a new and improved form from what is being shown today, mysterious and amazing as that display is presented.

No change should be looked upon otherwise than gladly. All changes are for the comfort and happiness of the largest numbers. The original automobiles are strange-looking creations in the face of our present ones, yet tomorrow may give us a new automobile so radically different from the most advanced of today that our present ones may quickly fade away!

We can well welcome the Atomic Age so long as it shall mean an advance in human living and a blessing to all nations, but not if its prime purpose shall be war and wanton destruction of all that centuries have as worth preserving.

The industry and genius of this western world are things that have never before been surpassed. But it is the spiritual in man that marks his progress through the ages. Let him discount this, and center all his mind and might upon the material things of life and the finer element in his make-up will shrink, endangering all that has gone before in sacrifices too great ever to be forgotten, and memories too precious ever to die!

Tomorrow Mr. Adams will talk on the subject: "The Joy of Giving."

**PLUCK**  
That pluck means courage none denies.

The man who said it first was wise.

Words, since their use on earth began, Are products of the mind of man.

Luck is a word the envious choose, And for success too oft abuse.

When one vein of ore has struck, They give the credit to his luck.

And yet, he may have faced despair; Had disappointments great to bear;

Known failure and when hope seem'd gone, Against the odds kept struggling on.

So, add one letter to his luck, And for his triumph credit pluck.

## DEAN PROPOSES NEW PLAN FOR TRUCE TALKS

By SAM SUMMERLIN

PANMUNJOM (AP)—U. S. Envoy Arthur Dean today proposed a fresh approach to the problem of arranging a Korean peace conference, but the Communists retorted with their angriest blast in four days of preliminary negotiations.

He told the Reds to "stop the nonsense" of demanding seats for neutrals at a peace conference and get on with the business of fixing a time and place for the political conference.

When that job is completed, he said, he'll be willing to talk about who will attend.

Despite the Communist tirade, he said the Communists showed a "good deal of interest" in his new proposal to sidestep the agenda, cut off debate on the neutrals and discuss a time and place for the conference immediately.

**Have Not Replied**  
The Reds did not reply directly, but Dean noted that while they heaped angry words on him they are outwardly polite and outwardly interested.

"Whenever the Communists are on a weak spot they hurl invective and abuse on the other side. You've got to expect it and leave your personal feelings out of the conference room," he told newsmen outside the conference hut in Korea's neutral zone.

Dean opened the 2 hour 20 minute session with his appeal. When he finished North Korean Foreign Ministry representative Ki Sok Bok leveled a stinging attack at him.

Yesterday, the American had called Communist China and North Korea "agents" of Russia and said the Soviets poured weapons into Red Korea during the war.

**Red Insults**  
The Communist delegate called this "an intolerable insult" and said Dean was trying to reduce "these talks to a site for your utterances of invectives. This fully indicates that the United States government has no sincerity whatsoever to expedite an early convening of the political conference."

The Red delegate lodged a "strong protest" and insisted that he "retract this rude misstatement."

Dean told correspondents that what he said "is a fact. How can I retract it?"

Dean, striving to make progress in arranging for the peace conference, promised the Reds that if they would first agree on a time and place for the conference he then was "prepared in good faith to exchange views to the fullest extent possible" on composition of the conference.

A source, however, stressed that Dean's offer to exchange views is "no abandonment" of the United Nations position that only the belligerents, and Russia, if the Reds want her, should attend the conference.

"It still stands," said the source, that Dean "does not have any authority on his own" to change the U.N. stand on composition of the conference.

## DULLES ISSUES NEW WARNING

WASHINGTON (AP)—Secretary of State Dulles was described today as ready to penalize any Middle Eastern country which threatens to upset the uneasy Jewish-Arab peace.

Informed officials said Dulles will not hesitate to halt American economic aid for any government which defies United Nations moves to preserve peace in the region.

Washington lifted a 34-day-old ban on American financial help to Israel yesterday after the new Jewish state pledged it would "in the future cooperate" with U. N. commissions trying to avert hostilities.

With the approval of President Eisenhower, Dulles granted Israel a 26-million-dollar fund which had been blocked earlier. This was an initial installment from 60 million dollars tentatively earmarked to help Israel promote economic development in the next eight months.

General Hospital, Alexander Shrivinski, 39, of Mahanoy City, suffered face and head cuts. Both were passengers in an auto operated by Edward A. Bresnock, 32, of Ashland. Bresnock declined hospital treatment.

## PENN TACKLE IS LOOMING UP AS BIG GRID STAR

By HUGH FULLERTON

NEW YORK (AP)—An old football theory that has been proven sound by many talent-hunter is:

"If you're looking for good football players, go to Pennsylvania." That holds true this week in regard to the players who have earned recognition as candidates for All-America, All-East and All-Ivy League honors.

Topped by Jack Shanafelt, the rangy University of Pennsylvania tackle who may be in line for all three nominations, the Pennsylvanians dominated last week's performances in the Ivy league—Middle Atlantic area.

Shanafelt's work in Penn's 9-6 victory over Navy established him more firmly as one of the best tackles in the East. But he was joined in the weekly nominations made by a board of newspaper experts by such standout players as teammates Joe Varaitis, John Lavin and John Cannon; Dick Detrick, Eldred Kraemer, Henry Ford and Bobby Epps of Pitt and Tony Rados, Lenny Moore, Jim Garrity and Don Mallinak of Penn State.

**Others Mentioned**

Also coming in for mention were Cornell's Dick Jackson and Len Oniskey and Navy's Steve Eisenhauer, transplanted Pennsylvanians.

Shanafelt, previously named as an All-America prospect, drew four-star notices from virtually all observers. On offense in Penn's unbalanced line, he supplied the power ahead of fullback Varaitis on plunges and took out the defending end in leading the way on Penn's effective reverses. In addition to calling the defensive signals, an important job in itself, he played right tackle so well that most of Navy's plays were aimed in the other direction, he dropped into a line-backing spot occasionally and rushed kickers and passers hard.

Ford, Moore, Varaitis and Mallinak were among the players who burst into prominence through last Saturday's performances, along with Dick Lalla and Peter Popovich of Colgate, Poe Pratt of Cornell, Ted Kukulski of Syracuse and Andy Nacrelli of Fordham.

**"Real Ball Hawk"**  
Most of the others listed by the nominators this week continued the good play that had attracted attention in earlier games.

## Dancing Friday and Saturday EVERYBODY WELCOME

## GHS Tangles With Hershey In Key Game Here Friday; Frederick At Littlestown

For the second straight week the Gettysburg High School Warriors will engage in a battle for first place in the South Penn Conference when they meet unbeaten Hershey, defending loop champions, here Friday evening at 8 o'clock.

Last week Chambersburg vaulted into first place by stopping the six-game winning streak of the Warriors. This week the winner of the Hershey-Gettysburg tilt will move into the top spot inasmuch as the Franklin Countians have a non-conference game with Waynesboro.

There is little doubt that Hershey presents the most formidable opponent on the Warriors' schedule. The very potent Trojan defense has permitted but two touchdowns in six games, one each in the Hummelstown and Palmyra contests. So far no conference team has been able to score on Coach Ed Formwalt's outfit. The only blot on Hershey's record is the scoreless tie with Chambersburg. Victories have been gained over Hummelstown 34-7; Steelton 14-0; Palmyra 25-7; Mechanicsburg 6-0; Waynesboro 53-0, and Carlisle 20-0.

Hershey is living up to its pre-season rating as the favorite to win the 1953 and repeat as titlist. Eight first-stringers from last year's powerhouse are back including an all-veteran backfield that has played together for three years. Ben Klingler, a fine pass-throwing quarterback, and hard-charging fullback Frank Capitani provide the power in the backfield. Les Walters, a stellar end, has been one of outstanding performers on the very efficient forward wall.

**Victory Imperative**  
The Warriors, who must win Friday to retain hopes for the title, in contrast to Hershey are the top scoring outfit in the conference. Coach Howard Shoemaker's lads have registered 55 points despite the blanketing at Chambersburg last week. Chambersburg is in the second place offensively with 49 tallies while Hershey has 46. Stan Musser, Gettysburg's superb end, leads the loop scoring with 24 points while Klingler is second with 22.

There may be two changes in the Warrior starting lineup as the result of injuries. Terry Culp, halfback, seems destined to miss the game while Ronnie Williams, fullback, who has played some fine ball in recent games, may be confined to part-time duty. "Chick" Livingston and Fred Furney will replace them in starting roles if they are unable to start.

During the past week the Warriors have worked hard on developing their attack and are determined to give Hershey a surprise.

**Other Contests**  
The only other South Penn game carded for Friday is the Carlisle-Hanover scrap at Hanover. The loser of that game will probably finish in the cellar.

In non-conference games Waynesboro plays at Chambersburg while Shippensburg is at Mechanicsburg.

Clay Evans' Littlestown Thunderbolts will play their final home game of the season Friday night when they will be host to the Frederick Cadets.

Each team is hungry for victory as each has won but one in previous outings. Frederick has lost five of six games while Littlestown has lost four, tied another, and won one. Gene Hummel, former Gettysburg College star, is assistant coach of the Cadets.

Delone Catholic will attempt to snap a four-game losing streak when it tangles with Harrisburg Catholic on the latter's field Friday in a Central Pennsylvania Catholic League game.

**Canners At Red Lion**  
Gene Haas will take his Big River Cannons to Red Lion for a Conference of the Roses game Saturday afternoon.

The Cannons had been showing great form until running into a strong Palmyra team last week. They hope to rebound from that setback although anticipating a hot scrap with the Lions. The Cannons have won two, lost four and tied one.

Two games are scheduled Saturday in the Laurel Conference, of which Littlestown is a member. Defending champion Washington Township is expected to clinch the 1953 honors at Kennard-Dale while West York will play at Dallastown in another league contest.

**PLAN PARENTS NIGHT**  
New Oxford Boy Scout Troop No. 85 and Explorer Post 85 will hold a Parents Night on Tuesday evening at 6:30 o'clock in the basement of the First Lutheran Church. Following a covered-dish supper, the program will include advancement, presentation of award, demonstrations by the scouts, and motion pictures of camp and trail activities by the Merile Yoh, scoutmaster.

## AP SCRIBE PICKS NOTRE DAME, MARYLAND AND WEST VIRGINIA

By HAROLD CLAASEN

NEW YORK (AP)—This forecaster suffered no broken bones but that spill into Upset Gulch last Saturday will leave permanent marks. Of 50 decisions, 38 were predicted correctly for an average of .760.

That's only a little worse than the season's figures, however, which show 196 correct and 48 wrong for .766.

There are more upsets in this list of forecasts but you will have to find them yourself: Notre Dame over Navy; Navy had this game in mind last Saturday when it slumbered to a 9-6 defeat but Coach Frank Leahy's illness gives the Irish enough incentive to win.

**Pick Maryland U.**  
Maryland over South Carolina: The Maryland homecomers get a chance to cheer their own Bernie Faloney.

West Virginia over Penn State: If the Mountaineers, who now have won 11 in a row, take this one they should go through the season unbeaten. They will have to check the passing of Tony Rados to do it.

Michigan State over Oregon State: This could be a massacre. Oregon State couldn't even score in its first five games.

**Penn To Be Easy**  
Michigan over Penn: The Ivy Leaguers have no Paul Giel to torment the Wolverines. The Big Ten team will win with relative ease.

Minnesota over Pittsburgh: This is your TV feature of the day. Paul Giel, who completely demolished Michigan last week, hardly will be as brilliant again but his mates should win. Pitt offers Elred Kramer, a good tackle, in rebuttal.

**UCLA Over California:** Paul Cameron to tear up the sod as UCLA moves another step closer to that Rose Bowl job Jan. 1.

**Anything Can Happen**  
Southern Methodist over Texas: Anything can happen when two Texas teams play each other. The Mustangs defeated Kansas last week on a fumble and a pass interception. They have saved all their scoring plays for Texas.

Georgia Tech over Vanderbilt: Vanderbilt isn't Notre Dame.

Army over Tulane: The Cadets have discovered some backfield speed since that early season loss to Northwestern. Tulane hobbled by backfield injuries.

Illinois over Purdue: Purdue has won its game of the year.

Finishing the others: Marquette over Boston University, Virginia Tech over The Citadel.

**FRIDAY NIGHT**  
Marquette over Boston University, Virginia Tech over The Citadel.

**SATURDAY**  
East: Princeton over Brown, Colgate over Rutgers, Boston College over Richmond, Cornell over Columbia, Fordham over Miami, Harvard over Davidson, Villanova over Xavier, Yale over Dartmouth, Holy Cross over Syracuse.

South: Auburn over Florida, Wake Forest over Clemson, VMI over Florida State, Alabama over Georgia, Louisiana State over Mississippi, Mississippi State over Texas Tech, William & Mary over North Carolina State, North Carolina over Tennessee, Duke over Virginia, George Washington over Washington & Lee.

**Western Choices**  
Midwest: Oklahoma over Kansas State, Colorado over Iowa State, Indiana over Missouri, Nebraska over Kansas, Ohio State over Northwestern, Oklahoma A&M over Tulsa, Iowa over Wisconsin.

Southwest: Baylor over Texas Christian, Rice over Kentucky, Texas A&M over Arkansas, Arizona over West Texas State.

Far West: Southern Cal over Oregon, Idaho State over Montana State, New Mexico over Denver, Stanford over Washington State, Utah State over Montana, Washington over Utah, Wyoming over Brigham Young.

**Speaker Martin Talks In Germany**  
BONN, Germany (AP)—Speaker Joseph W. Martin Jr. of the U. S. House of Representatives told the German Parliament today a strong and united Germany "cooperating with America" and all freedom loving nations can restore what this world needs so badly—peace.

Although he appeared to have been hit with less than a dozen solid punches, Castellani volunteered: "He was plenty tough and strong. He stunned me in the second round and he hit me with three or four stiff and solid punches."

Castellani was simply too strong and too clever all the way. He started Laurent's nose bleeding in the first round and the Frenchman's face was streaming with crimson during at least half the fight.

**CASTELLANI IN DECISIVE WIN**  
CLEVELAND (AP)—Rocky Castellani wants a crack at middleweight champion Bobo Olson just as half a dozen other challengers do, but he doesn't think he'd have an easy time against the champ.

The modest Cleveland, ranked No. 4 among middleweights, showed tremendous improvement last night in winning a unanimous decision against Mickey Laurent of France.

Although he appeared to have been hit with less than a dozen solid punches, Castellani volunteered: "He was plenty tough and strong. He stunned me in the second round and he hit me with three or four stiff and solid punches."

Castellani was simply too strong and too clever all the way. He started Laurent's nose bleeding in the first round and the Frenchman's face was streaming with crimson during at least half the fight.

Martin is visiting West Germany as the guest of the Bonn government. He received a thunderous ovation.

## Undeclared Hanover Junior High Crushes Locals 32-14

Sparked by Bob Forry who tallied four touchdowns, the undeclared Hanover Junior High School football team ran its winning streak to 15 games covering a three-year span by trouncing the Gettysburg Junior High gridders 32-14 Wednesday evening at Hanover.

The Falcons scored shortly after taking the opening kickoff and marching to the Gettysburg 19 from where Forry took the pitchout and raced 19 yards for a score. His placement for the point was wide.

Hanover tallied twice in the second quarter. Francis Kuhn raced 38 yards on a reverse for the score. A pass for the point was incomplete. A short time later Forry intercepted a pass by Little on the Gettysburg 40 and raced to the locals' 3 yard line. On the second play Forry went over on a pitchout. Again his placement for the point was wide.

Hanover recovered a Gettysburg fumble on the Gettysburg 44 early in the third period to pave the way for another tally. Forry passed to Palmer to put the ball on the 19 from where Forry went off-tackle to score. A pass, Forry to Palmer, produced the extra point. The final Hanover TD resulted after Earl Little passed to Jack Crist for a five-yard gain on the Gettysburg 40. On the play Forry picked up a fumble and ran 40 yards to pay dirt. Again the Forry-Palmer passing combine was good for the point.

Coach Rogers Herr's team took to the air to score twice in the final period. After advancing the ball from the 39 to the Hanover 22 via passes, Earl Little whipped a 22-yard TD toss to Ronald Fridinger. Little passed to Garry Keefe for the point.

An intercepted Hanover pass on last down gave Gettysburg the ball on the Falcons' 30 and on the last play of the game Little tossed a 30-yard aerial to G. Keefe for the score. Little added the point on a quarterback sneak.

Fred Naugle, Glenn Naugle and Art Re played well for the locals. Next Thursday afternoon the Herr-men play at Chambersburg. The lineup:

**Gettysburg**  
Ends—Wherry, G. Keefe.  
Tackles—G. Naugle, Re.  
Guards—Scott, F. Naugle, Heffner, Thompson, R. Little.  
Center—Cook.

Centers—Mummert, L. Little, Epley.

**Backs**—Forry, Palmer, Kuhn, Howe, Brown, Lehigh, Blumenthal, Reitzel, Wright, Dutterer, Birgen-smith, Feemer.

**Score by periods:**  
Hanover 6 12 14 0—32  
Gettysburg 0 0 0 14—14

**Touchdowns:** 4, Kuhn, Fridinger, G. Keefe, PAT, Palmer, 2 passes; G. Keefe, pass; E. Little, plunge.

**College Girls Win Field Hockey Tilt**  
Gettysburg College's undefeated girls' field hockey team ran its streak to five in a row by routing Shippensburg State Teachers College 7-2 here Wednesday afternoon.

The Bullets will next take part in the all-collegiate tournament at Lebanon Valley College, Saturday.

Half the motor car registrations of the United States are in eight states—California, New York, Pennsylvania, Ohio, Illinois, Texas, Michigan, and New Jersey.

Before the Christian era there is no reliable evidence of the existence of true bells.

**West Virginia Faces Stiff Test Against Penn State**  
MORGANTOWN, W. Va. (AP)—West Virginia University, the fifth ranking football team in the nation, must prove itself against Penn State Saturday, but win or lose, the Mountaineers' performance has been a sweet accomplishment for Coach Art (Pappy) Lewis.

Scoffers claim the Mountaineers gained their position among the country's top 10 by defeating a selection of weak teams, with the exception of their 177 victory over Pitt in the season's opener.

Saturday's contest at State College, Pa., should tell the story. After the Pitt game, WVU defeated Waynesburg, Washington & Lee, George Washington and Virginia Military, all by substantial scores.

The defeats suffered last Saturday by Georgia Tech and Michigan State left West Virginia, with 11 straight victories, holding the longest current winning streak among major colleges.

**Had "Helpless Team"**  
When the 40-year old tough but softspoken Lewis came to the Southern Conference school in 1950, after a one-year stint as line coach at Mississippi State, he found a stumbling, helpless team.

"They just weren't football players," Lewis said.

He and his assistants searched the back roads and scoured the West Virginia mountains and collected what possibly might be the best team in the school's history.

Lewis' first year at the university produced a squad which won only 2 of 10 games. But the next year his Mountaineers won five and lost five.

Hopes for a spectacular 1952 season were shattered in the opener against Furman. West Virginia couldn't get oriented and lost 18-7. But out of that game emerged a 195-pound freshman quarterback from Weston, W. Va., named Fred Wyant, who took charge late in the fourth quarter and engineered a sparkling comeback—too late.

**Beat Pitt 16 To 0**  
It wasn't too late for the remainder of the games, however, and Wyant led his mates to seven victories, including a 160 triumph over a Pitt team which previously whipped Army and Notre Dame on successive weekends.

The Mountaineers' only other loss of the 1952 season was to Penn State, the school against which it stakes its reputation Saturday.

Lewis has a young team. Four of his regulars, including Wyant, are sophomores. Reportedly, he has one of the finest freshman teams the school has seen.

The coach's efforts to acquire players from home territory—and Lewis demands a good scholastic average—resulted in a West Virginia team composed mainly of West Virginians.

Ten members of Lewis' varsity this year reported from Pennsylvania, just a drop away from Morgantown. Three others are from neighboring Ohio.

Gettysburg College's freshman football team will play its first home game of the season Friday afternoon at 3 o'clock when it meets the John Hopkins University yearlings.

Last week the Bullets inaugurated their four-game campaign with a smashing 62-13 victory over P. and M. at Lancaster.

Coach Jim Lentz does not plan to make any change in his starting lineup and hopes to use his full 23-man squad.

No admission will be charged for the game.

Next week the Bullets meet the Bucknell frosh on the Gettysburg High School field at 8 p.m. in a game which is being sponsored by the Gettysburg Fire Co.

## CARDS TO HAVE EASTERN TEAM

ALLENTOWN, Pa. (AP)—A Class A Eastern League team will be operated here next season as a St. Louis Cardinals farm team.

The announcement was made yesterday by President August A. Busch Jr. of the National League Cardinals.

"We have accepted an offer from Thomas Richardson, president of the Eastern League, for a franchise in that circuit for the 1953 season," Busch said. "I am extremely happy that we are able to place a team in Allentown for the 1954 season because never have I seen such a tremendous outpouring of enthusiasm from civic leaders and fans."

The Cardinals operated the Allentown club in the Class B Interstate League from 1944 to 1952 but dropped the venture in 1953 after that loop had disbanded. The Cardinals continued, however, to hold Broadon Field, the ball park built in 1949 at a cost of nearly \$400,000.

Mt. St. Mary's College lost a 6-1 Mason-Dixon Conference soccer game to Baltimore University, defending champions, Wednesday afternoon at Baltimore.

## Six High School Teams, Losers Of Only 1 Game, Will Highlight Gridiron Contests This Weekend

By DICK HOENIG  
HARRISBURG (AP)—Three games involving six teams that have lost a total of one game this year make up the three star attraction on this weekend's schoolboy gridiron card.

These three, like several other contests on tap, are likely to produce the top candidates for conference championship honors as the second month of the 1953 campaign draws to a close.

At Scranton all-winning West Scranton (6-0), an annual power in the northern division of the East Penn Conference, faces a city rival, once-tied Scranton Tech (4-0-1). They are 1-2 in division standings.

Tech has an impressive victory over Old Forge, defending league titlist, and West has had several close calls. The choice is West to take its 22nd straight league win in a game to be televised (WTVU), probably the first live high school telecast in the state.

**Leaders To Clash**  
The leader and runnerup in the Western Conference, Adams Twp. (6-0) and Conemaugh Twp. (6-1), are paired in another thriller. Adams opponents have scored only two touchdowns so the Blue Hornets are favored in a close one. Conemaugh Twp. lost to Windber, 1-0, two weeks ago while Adams upset that club, 6-0, last week.

Vandergrift (7-0) journeys to Har-Bar (6-0) for the weekend's one game between schools owning perfect slates. Three other teams are in the running for the WPIAL Class AA crown but Uniontown, New Castle and Donora do not play each other this season. Har-Bar gets the nod on the basis of better scores against three common foes—admittedly a weak way of judging strength.

Last week's average fell to a season low of 67.2 per cent because of upsets in every section of the state. The AP's season percentage on 285 statewide predictions is 75. This week's other picks:

**Other Selections**  
East—Coaldale over Mahanoy City, Hazleton over Kulpmont, Wilkes-Barre G.A.R. over Plains, Schuylkill Haven over Frackville, Mount Carmel over Ashland, Coal Twp. over Blythe Twp., Lansford over Cass Twp., Minersville over St. Clair, Tamaqua over Shenandoah, Wilkes-Barre Meyers over Kingston, Blakely over Archbald, Scranton Central over Carbondale, Shamokin over Hazle Twp., Nanticoke over Newport Twp., West Hazleton over Nesquehoning, Swyersville over Old Forge, Duryea over Clark's Summit, Abington over Ridley Twp., Lower Merion over Upper Darby, Chester over Cheltenham, Haverford over Springfield (Delco), West Chester over Coatesville, Phoenixville over Conshohocken, Berwyn over Pottstown, Bethlehem over Pennsylvania School for the Deaf, Allentown over Rochester (N. # DROUGHT HITS HAY, ALFALFA, WHEAT CROPS

HARRISBURG (P)—The drought has had a searing effect on the pocketbooks of Pennsylvania farmers in 1953 but more woe is in store for them next year the Department of Agriculture reported Wednesday.

Already plagued by millions of dollars of loss in wilted crops, the Pennsylvania farmer will still feel the effects of the dry spell when he harvests next year's hay, alfalfa and wheat crops, the department said.

Because of lands baked hard by the sun and lack of rain during the last six weeks, farmers have been unable to sow their seed for late crops and the delay will be a costly one.

The seed, the department said, is not germinating properly and this will result in stunting the growth of crops to be harvested next year.

The potato crop this year in Pennsylvania was the poorest from the standpoint of quantity in the

History of the state. All other late summer crops suffered from the drought and resulted in financial whippings for the farmers in all areas of the commonwealth.

About the only crops to escape the drought were the root plants on the many irrigated farms.

The apple crop, the department reported, is poor in number but fairly good in quality.

Although the produce raisers suffered one of the greatest financial setbacks in state history, no unusual amount of farm losses through financial inadequacy were reported.

## Tombstone Epitaph Shows Old Trouble

LORAIN, Ohio (P)—Things were tough back in 1921, too, according to a tombstone epitaph in nearby Wellington.

The inscription says in part: "Stranger, I lived in an age when corruption was in our government and the ballot box was begged for. When martyred presidents and riots echoed over the land. When law and respect clung to the rich and shunned the poor. When money and fashion had the brains, and talent went over the water, for want of free schools of art supported by our government. XXX"

## Uses Ike's Name To Test New Pens

SAN GABRIEL, Calif. (P)—An attractive young Democrat here signs the President's name more times every day than the Chief Executive himself.

She's Dorothy Butler, chief tester at a ball point pen factory. Dorothy writes Eisenhower's name some 6,000 times a day five days a week.

"The President's name," she explains, "has so many characteristics of the letters of the alphabet — loops, angles, swirls — it's ideal for testing new pens."

It's Miss Butler's responsibility

## Squirrel Runs Wild And Frightens People

YORK, Pa. (P)—Earl E. Geesaman, York County game protector, thinks the squirrels in his county are getting tired of people. He said one squirrel ran wild in Spring Garden Twp. and managed to frighten a couple of humans.

"The squirrel would attack humans for no apparent reason. It bit three persons before it was finally shot by a police officer," Geesaman said.

The animal was checked for rabies, but the report was negative. "Just a mean individual, I guess," Geesaman said.

## Find New Method To Trace Spinal Disease

LOS ANGELES (P)—A new technique for locating injured or diseased areas in the spinal column is re-

ported by the West Los Angeles Veterans Administration Center and doctors of the University of California at Los Angeles.

A substance from blood, human serum albumin, is tagged with radio-

active iodine and injected into the spine. A scintillation counter traces this radioactive substance through the spinal column, activating an electric stylus which makes a sketch. The technique has been used to

locate slipped discs and spinal cancers at the Veterans Hospital. It was developed chiefly by Drs. Franz K. Bauer and Dr. Eric T. Yuhl.

STATE GRANGE OPPOSES NEW CONSTITUTION

By RICHARD L. GRAVES  
WILLIAMSPORT, Pa. (P) — The State Grange will campaign against revision of the state's basic law if Pennsylvania's voters call for a constitutional convention, Beatty H. Dimitt, State Grange head, said Wednesday.  
"I think there is no question that the Grange will reaffirm its stand against constitutional revision," Dimitt told a newsman, adding:  
"We will continue our fight if the convention question passes in the Nov. 3 referendum."  
Dimitt, presiding over the organization's 81st annual convention, was joined in his plea for a "no"

vote on the convention question by William S. Livengood Jr., state secretary of internal affairs.  
In an address before the 1,500 delegates and guests attending the three-day parley which ends today, Livengood declared that politicians "want to take government farther and farther away from the people by revising the state Constitution."  
"I propose to go to the polls next Tuesday and vote against the constitutional convention question," Livengood said.  
**Spelling Bee**  
The arguments of Grange Master Dimitt and Secretary Livengood against a constitutional convention were mingled with business sessions and entertainment features of the annual Grange parley.  
They vied for attention with a statewide spelling bee for Grange delegates and one-act plays presented by Grange local units. A band concert by the Tri-county Pomona band of Potter and Tioga Counties of Pennsylvania and Steu-

ben County of New York heads tonight's entertainment program.  
In other convention proceedings, Grangers were to be nominated today to fill two posts on the state organization's finance and executive committees.  
In his address, Livengood asserted that "many of the defects of the state Constitution have been placed there by amendments."  
He said the state's voters must "strip away the useless provisions and get back to the basic concepts."  
"Never let it be said," the secretary added, "that Pennsylvanians shall go blindly to the polls like sheep driven to the slaughter and vote blindly for a blank ticket to be filled in by politicians."  
**Livengood Is Censured**  
Livengood drew censure from a number of legislators when during the 1953 General Assembly he advised "caution" in approaching the issue of revising the commonwealth's 79-year-old basic law.  
It has been pointed out that one of the possible changes in state government that might come out of a constitutional revision convention is the elimination of the elective post of secretary of internal affairs.  
Such a change in the state government was recommended by the Chesterman Committee in a special study of state government for Gov. John S. Fine. The General Assembly rejected the idea, however.  
**Cites Reason**  
Livengood told the Grange he opposed revision of the Constitution because no advance indications have been given on what extent the borrowing capacity of the state might be altered.  
Also, he said, no provision should be made for the governor to succeed himself and the "concentration of government in the hands of a few people" must be halted.

## GRAND JURY TO GO AFTER MORE KIDNAP FACTS

KANSAS CITY (AP) — A federal grand jury delving into the Greenleaf kidnaping case today sought further information from two key witnesses who figured in the arrest of the abductors.

One was Louis Shoulders, St. Louis police lieutenant who arrested Carl Austin Hall, 34, and his woman friend, Mrs. Bonnie Brown Heady, 41-year-old divorcee.

The other witness was John Hager, St. Louis taxicab driver credited with supplying the tip that led to the apprehension.

**Both Testified Wednesday**  
Both testified at length yesterday but U.S. Dist. Atty. Edward Scheufler asked that they return for further questioning.

The jury may indict Hall and Mrs. Heady late today.

Hall confessed kidnaping and slaying Bobby Greenleaf, 6-year-old son of a multimillionaire Kansas City automobile dealer, Mrs. Heady admitted abducting the boy Sept. 28 from his private school. His body was found Oct. 7 in the yard of her St. Joseph, Mo., home.

Still missing is \$300,000 of the record \$600,000 ransom paid by Robert C. Greenleaf, the father. Hall has said he believes it was lost during a drinking spree in St. Louis.

## DOOMED MEN APPEAL AGAIN

COLUMBIA, S. C. (AP) — Two men who have stayed alive more than four years since a murder for which they were convicted and sentenced to die are seeking relief from the U. S. Supreme Court.

They are Lander Ray Gantt, about 31, and Shelton H. Gainey, about 28, convicted of the July, 1949, slaying of Myrtle Beach taxi driver Robert D. Oliver.

Since their conviction, they have unsuccessfully sought new trials, appealed to the State Supreme Court, and served notice of intention to appeal to the U. S. Supreme Court.

Their last appeal has yet to be perfected and either rejected or accepted for a hearing.

In the meantime, the two men await their fate in the state prison here.

They were originally to have died in July, 1951, but appeals and other legal actions kept staying the executions.

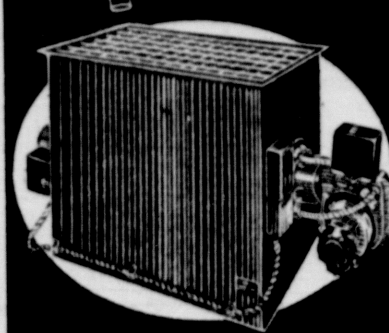

Oliver's bullet-riddled body was found in a ditch near Bluefield, W. Va., a few days after he disappeared. The two men were arrested at Lock Haven, Pa.

## END TO MILK STRIKE SEEMS IMMINENT TODAY

NEW YORK (AP) — An end to the four-day-old milk strike in the New York metropolitan area seemed imminent today when a mediator announced the "most troublesome issues" in the wage-hour dispute had been resolved.

The nature of the issues resolved was not disclosed.

The strike has cut off fresh milk from about 12 million persons in the New York City area and northern New Jersey. Hospitals and schools have been supplied throughout the walkout.

**Supplies Run Out**  
Thirteen thousand AFL teamsters struck 200 milk plants last Sunday over a union demand for a \$15 weekly wage raise and a 35-hour work week. The companies have offered boosts up to \$2.10 a week.

Reports of progress toward settlement of the dispute were made negotiators, aided by federal mediators, went into continuous session starting last night.

Retail stores and restaurants in the affected areas were sold out the day after the strike started. Milk depots, despite rationing, ran out of supplies by Tuesday.

**Evaporated Milk In Demand**

Since the strike started, sales of evaporated and powdered milk have jumped 400 per cent above

## Grange Commends Secretary Benson

WILLIAMSPORT, Pa. (AP) — The Pennsylvania State Grange Convention has approved a resolution in support of the farm program of

normal.

For the past two days, Mayor Vincent R. Impellitteri has announced he was ready to intervene in the strike. But both Tuesday and yesterday, negotiators asked the mayor to hold off a "little longer" since they apparently were making progress toward settlement.

Agriculture Secretary Ezra T. Benson.

"We commend him for his courageous, untiring efforts to stimulate the formation of a sound agricultural policy and program, and we especially endorse his plan and proposal for education and research," the resolution said.

## TOO YOUNG TO DIE!

When epidemic strikes and takes its sudden and deadly count of the young, it tears at our heartstrings for there is so little we can do about it. Such tragedies may occur once in a year or two. But the highway toll of young innocents produces a casualty list every day, year after year. There is much we can do about it, for we are responsible.

In one year 4,300 young lives are snuffed out, over 200,000 injured and maimed for life. Three out of every four of these lives sacrificed to carelessness are from 5 to 14 years of age. Too young to die!

School safety patrols are holding down the casualties of children going to or coming from school. Two out of three are killed while outside of school supervision. That's the big reason why it's up to you, Mr. and Mrs. Driver, to protect little children. Be alert for the unpredictable actions of youngsters at play, crossing streets, chasing balls and riding bikes.

Little ones are thoughtless of danger; perhaps, too, they trust grown folks to guard them. Don't be the one to carry on your conscience the life of a child. Slow down, be alert where children may be at your mercy.

# BABY WILL GET SECURITY PAY

DENVER (P)—Little Danny Gregory, 8-month-old Denver tot, won't have to wait until he's 65 to take advantage of social security. Danny will receive \$50.50 every month until he is 17½ years of age. The payments will pass the \$10,000 mark before he is 18.

Last June, Danny lost his mother. But because she was employed under Social Security more than half the three years preceding her death, Danny became eligible for monthly support payments.

The first check arrived in August, payable to Danny's father, Lee W. Gregory, an air line employee here. The bright-eyed youngster, now on the verge of taking his first step unassisted, doesn't realize it, but he is one of the first Colorado youngsters to benefit from a revised Social Security measure passed by Congress in 1950.

According to William B. Hayward, manager of the Denver Social Security office, Social Security insurance previously was provided only in the event of the father's death. But the 1950 amendments passed by Congress recognized working mothers.

The fact that Danny's father contributes the major portion of Danny's support does not affect payments to the boy, Hayward said.

Many other children, about 2,500 in Denver and about 8,500 in all of Colorado, are receiving Social Security benefit payments under various provisions of the Social Security Act—but most of them were the dependents of men insured under the Act at the time of their deaths.

## IKE'S PROMISE OF CAMPAIGN HELP SATISFIES GOP

By JACK BELL

WASHINGTON (P)—President Eisenhower's promise to do some campaigning appeared to have satisfied most Republicans today that they will have ample White House help in next year's battle for control of Congress.

Eisenhower said a week ago he wasn't going to use the presidency as an agency in partisan elections. Yesterday he told his news conference that to say he wasn't interested in retaining a GOP Congress was like saying he had no interest in drawing his next breath.

While he stuck to his statement he won't campaign for individuals, he said in response to questions he likes posing for pictures with candidates, may pat some of them on the back and will do his part, with-

in bounds, to publicize the GOP records to the voters.

Sen. Knowland of California, the Republican floor leader, said in an interview that is about all anybody could expect the President to do. "Nobody expects him to go out ringing door bells," Knowland observed.

Sen. Duff (R-Pa.), one of the first to back Eisenhower for the presidency last year, said that so far as they go the President's plans are fine. "But I think he will find as time goes on that he is going to have to dig deeper than that."

Some other party members said privately that Eisenhower's avowed dislike for purely political activities might dissolve somewhat in the face of an expected strong Democratic threat to take over Congress.

Greenlanders who formerly lived mostly on seals have turned to sheepherding and fishing because the Greenland climate is growing warmer and the seals have moved north says the National Geographic Society.

## Food Price Levels Expected To Hold

WASHINGTON (P)—Retail food prices in 1954 will average close to this year's level, the Agriculture Department predicted today.

And, the department said, farmers probably will receive about the same share of the consumer's food dollar—a share estimated at 45 cents for 1953.

## KINSEY REPORT

LOS ANGELES (P)—Dr. Kinsey's "Sexual Behavior in the Human Female" was more demoralizing to American troops in Korea than Red propaganda, says John Morley, a lecturer who recently returned from the Orient.

The Kinsey Report, Morley said at a civic meeting yesterday, told 200,000 Americans overseas that "one out of every four American wives has been unfaithful."

Although only a small percentage of the people of India speak English, that language is used for higher education in the nation.

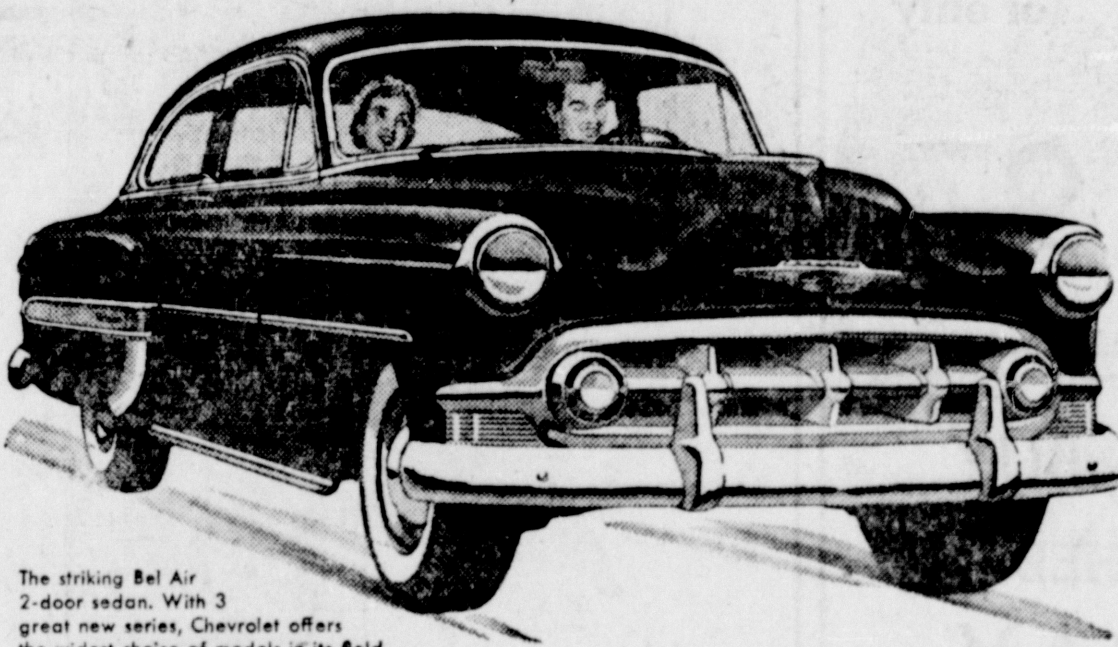

PAGO PAGO (P)—The lepers of American Samoa no longer will be confined to little Makogai Island in the Fijis. A leprosarium has been built seven miles west of here where patients will get medical care and land to farm.

The government hopes that knowing they will no longer be doomed to

exile on Makogai, lepers on Samoa who may be concealing the disease will come in for treatment.

## PRESS FREEDOM IS ENCOURAGED BY BROWNELL

By HERB ALTSCHULL

WASHINGTON (P—Atty. Gen. Brownell has urged all groups concerned with freedom of information "to seek out and oppose any operation of government which causes information to be withheld unnecessarily."

"By this kind of co-operative effort, we can demonstrate to all the world the vivid contrast between our system of government, which believes in and encourages freedom of the press and all media of information, and the Communist system of tyrannical government to which the concept of freedom of information is anathema," Brownell said.

The attorney general's prepared speech was part of a freedom of information program at the 9th annual convention of the Radio-

Television News Directors Assn. Brownell detailed the background of the forthcoming presidential executive order narrowing the authority of government agencies to withhold information on grounds of security.

### Two Citizens Informed

He said that when the order is issued, "it will be recognized as having attained the required delicate balance between the need to protect certain kinds of information and the need for keeping the citizens of democracy as fully informed as possible concerning what their government is doing."

Brownell noted that President Eisenhower had made public the text of the proposed executive order, and invited comment and criticism from all newsgathering sources. Brownell said resulting conferences had been "most helpful."

Brownell said the new executive order was decided upon because an earlier directive by former President Truman had failed to satisfy the press that it was not "a form of censorship unwarranted in peacetime."

He said that "as the clearing-

house" for newsmen's recommendations, he would offer these to the President:

1. That a large number of government agencies hitherto permitted to place security restrictions on documents be stripped of this authority.
2. That in a "second group" of government agencies only the head of the agency be allowed to classify—or keep from public release—information originating in his agency.
3. That the lowest security category for information, now known as the restricted category, be eliminated altogether. This would leave in force the designations top secret, secret and confidential.
4. That agency heads set up a "genuinely effective system for reviewing classified material" with a view to declassifying some of it.
5. That "the broad descriptions" which were contained in the old order to be given more specific definitions and that the examples of the types of material to be classified be disclosed.
6. That there be a continuing "independent review of the classifi-

## ASKS CLEMENCY FOR THREE WHO KILLED BROTHER

NOVARA, Italy (P)—The brother of slain U. S. Maj. William Holahan of New York has asked clemency for three former pro-Allyed partisans on trial here for the major's mysterious 1944 behind-the-lines murder.

The plea was contained in a letter from Joseph Holahan to the court, handed over by Michael Stern of New York City, a magazine writer who spent months investigating the case. The brothers adopted different spellings of their last names.

Two Americans, Aldo Icardi, of Pittsburgh, Pa., and Carl lo Dolce of Rochester, N. Y., are on trial in absentia. Three Italians, Giuseppe Mannini, Gualtiero Mozzini and Aminta Migliari, are before the court. Italy asked extradition of the Americans but was refused. They have denied the accusations. The trial, which opened on Oct. 19, is nearing an end. A verdict is expected this week.

Two American witnesses and general prosecutor Alessandro Casalegna, in a bitterly-worded summation, accused former Lt. Icardi of ordering the crime.

Henry Manfredi, who identified himself as a U. S. government investigator stationed at Trieste, told the court:  
"Icardi was the architect of the crime and committed it to get the mission's funds."  
Manfredi declined to give details about himself because of his work, but it was understood he is a U. S. Army criminal investigator.

## MOTORIST IS KILLED

YORK, Pa. (P)—William F. Lutzinger, 36, of Manchester R. 1, York County, was killed Tuesday when his automobile collided with a tractor trailer on Route 111, six miles north of here.

Clinders on the trailer truck were spilled over the highway when the vehicle overturned, tangling traffic for almost an hour before the road was cleared.

# News Of Emmitsburg And Vicinity

## "Excellent Prospects" Seen For Cause Of Mother Seton

Officials of the Sacred Congregation of Rites at Vatican City, Italy, recently announced that the cause for canonization of Mother Elizabeth Ann Seton, foundress of the American Sisters of Charity, whose motherhouse is at Emmitsburg, offers "excellent prospects." Mother Seton, whose tomb is at Emmitsburg, may become the first native saint of the United States.

The Sacred Congregation has completed all the preliminary work of gathering testimony in the beatification cause. More than 1000 pages of evidence and testimony are contained in a volume being printed in connection with the cause. The next step is a long study of the testimony by members of the Sacred Congregation, including a board of Cardinals.

**Final Decision With Pope**  
When the study has been completed there will be meetings of the congregation for study and discussion of the merits of the beatification cause. If no objection is raised at the first two sessions, a third meeting will take place in the presence of the Pope where a final decision will be made concerning the heroism of the virtues of the American foundress.

If the first stage of the apostolic process is successful, the Pope will issue a decree concerning her heroic virtue. She may then be called

"Venerable," but no public veneration may be shown her.

The Rev. Fr. Salvator M. Burgio, C. M., whose office is in Emmitsburg, is vice-postulator of the cause.

**Founder Of School System**  
Mother Seton was born in 1774 in New York City and was received into the church at the age of 31, after the death of her husband. She taught school in New York for a while to support herself and her five children. Later she opened a school in Baltimore.

In 1809 she founded a community at Emmitsburg which was formally united with the Sisters of Charity of St. Vincent de Paul, Paris, in 1850. Poverty and hardships were endured in the early days. Mother Seton sent Sisters to Philadelphia to aid the victims of the cholera plague and later to establish a hospital in St. Louis, Mo. The Sisters from Emmitsburg founded the first Catholic orphanage in the United States and, in the years since then, they have established many schools, orphanages, leprosariums, hospitals, colleges, high schools, mental institutions, and homes for the aged.

Mother Seton, who died January 4, 1821, at Emmitsburg, is called the "founder of the parochial school system in the United States." The candidate for sainthood is buried beneath a Gothic tomb at the

## PROSPECT GOOD FOR PHEASANT SEASON AHEAD

The Indian Lookout Conservation Club of Emmitsburg, Inc., held its October meeting Tuesday night at the Fire Hall with 40 members present and President Everett Christner presiding.

According to statements by a number of club members interested in the pheasant program which was instituted by the club last spring, prospects for a good pheasant hunting season are in the offing. Club Secretary Harold Hoke spoke about his experience in raising pheasants as a hobby. He indicated that it was not too expensive and recommended it to club members as "a good side line hobby."

"After a discussion of the 'Hunting by Permission' sign campaign, begun several seasons ago with the farmers of the district, it was decided have 1,000 more of these signs farmers who are willing to cooperate with the project rather than posting the 'No Trespassing' signs. The group expressed appreciation for the way local farmers and property owners have cooperated and urged all members and hunters to 'cooperate to the fullest extent by respecting these signs and not to hunt on any land until after securing personal permission from the land owner.'"

Action was taken to hold a shooting match on November 15 and share the profits with the Indian Lookout Bowmen's Club. Three sound films of wild life and hunting were shown and refreshments were served. The club meets every fourth Tuesday night at 8 o'clock at the Fire Hall. Other officers are: Weldon B. Shank, vice president; Harold Hoke, secretary; Robert Stonelifer, treasurer.

# LADY DIRECTOR PILOTS NATION'S PATENT OFFICE

By JANE EADS  
WASHINGTON (P)—Henry L. Ellsworth, U.S. commissioner of patents back in 1943, probably never dreamed the day would come when a woman would be sworn in as an assistant commissioner. It was this same Henry L. Ellsworth who remarked that "the advancement of the arts from

year to year taxes our credulity and seems to presage the arrival of that period when human improvement must end."

Well, the other day I talked to Daphne Leeds, a tall and fashionable brunette, the first woman assistant commissioner of patents. And one of the things she told me was that the U.S. Patent Office has issued some 2½ million patents, which doesn't sound like the end of human improvement.

**Trademark Specialist**  
She told me also that the office has registered 534,309 trademarks since July 8, 1870, when it began this service. This was of particular interest to Mrs. Leeds, who was born in Martinsville, Ind., and is a graduate of the University of Illinois law school. She is a widely known trademark specialist, having served as trademark counsel to the Coca Cola Co. in Atlanta, Ga., and New York since 1937.

Mrs. Leeds came here in July to serve as assistant commissioner in charge of the Trademark Division, which determines the right to register by any person who has adopted and used any given mark. She also sits as a judge when any conflict or likelihood of conflict between two marks arises.

**Trade Protection**  
"Sometimes the public is not too ingenious," she said. "Trademark is a brand name, and protection of brand names is part of the law which deals with unfair trading and competition. Unlike a patent, a trademark is not a government grant at all. But the registration of a trademark in the Patent Office is a recognition by the government of certain rights which a trademark owner has built up through use of the mark. The system as we know it in the U.S. is one of the greatest elements in fostering free enterprise and the competitive industrial system."

Mrs. Leeds was married in 1947 to Robert W. Leeds, a hotel man she met while attending an American Bar Association meeting in Atlantic City. She will continue to commute from her job to her attractive modern hotel apartment in Atlantic City, which she has furnished in greens, chartreuse and lacquer red and where she exercises her prowess as an expert cook.

**Cultured Person**  
She has taken a fine apartment here in a brand new building in which she expects to combine some of the family's fine antiques with contemporary lined oak pieces in a setting of pearl gray and charcoal with Chinese red and chartreuse accents. Notably style-conscious, Mrs. Leeds designs all of her own clothes, likes music, ocean boating, fishing and dancing. She has two stepsons,

# MILADY GIVEN MAN-TAILORED SHIRT TRICKS

By DOROTHY ROE  
Associated Press Women's Editor  
The man-tailored shirt is the current love of teenagers, college and career girls alike. It's at home on campus or in office, worn with a suit or with a separate skirt in town, with slacks or shorts in the country.

When made of washable cotton flannel, the shirts may double for winter sports wear or team with the inevitable jeans of the school girl. Whatever their fabric, these shirts are successful only when they are carefully tailored, with meticulous finishing detail.

**Collar Hint**  
In the making, special attention should be given to collars and if you want your shirt to have

Robert W. Leeds, Jr., who is in the Navy, and Hal Leeds, attending the University of Michigan law school.

that custom-made look. Here is the correct procedure for making the collar:

After cutting out fabric, following directions given on the pattern, place two sides of collar with right sides together and muslin facing on top. Thus, when collar is turned right side out, facing will be inside, between the two sides of the collar.

Machine stitch down one side of collar, stopping at the corner. Leaving needle in the fabric, raise presser foot and pivot (or turn) fabric so that point of collar is diagonal. Lower presser foot, take one back stitch and then three forward stitches and another back stitch. Raise presser foot, pivot again, lower presser foot and proceed to stitch along

straight edge. Repeat the same process at the other point. Pivoting is done by stopping the machine at the corner, lifting presser foot, leaving needle in fabric and turning fabric so you get a true corner in stitching.

**Reinforce Corner**  
When outside seam is completed in this manner, reinforce each corner with five or six diagonal-slanted back stitches.

The next step is to blend collar points to remove bulk. This means to clip off corners just above back-stitching. To blend straight edges, trim collar seam to ¼ inch and then trim facing to slightly less than ¼ inch.

Press collar, turn to right side and press again.

A well-fitting neckline is essential to a well-fitting shirt. length in pattern and make adjustments before cutting.

Special attention also should be given to shoulder seams, to achieve a flat, smooth effect. Sleeves and cuffs present no problem if you check sleeve-temperatures before cutting.

## IKE WANTS REDS TO SHOW HONEST PEACE PURPOSE

WASHINGTON (AP) — President Eisenhower said Wednesday it would be perfectly hopeless for him to take part in a meeting with Soviet Premier Malenkov unless he knows Russia has an honest purpose for such a meeting.

He added that Russia could show such honesty in any of a hundred ways.

The President's news conference statement was in response to questions about a new Russian hint that Premier Malenkov may be ready for peace talks with the Western chiefs of state.

The President also repeated what he has said before—that regardless of handicaps or inconvenience he would do anything in the world he thought would advance the cause of peace.

He qualified that again by saying there must be an indication it would produce results in good faith.

### Reds Give Hint

Britain's Prime Minister Churchill has been plugging the idea of an informal meeting with Malenkov, but informed officials said

last night he has promised Secretary of State Dulles to delay any move toward arranging one.

The new Russian hint that Malenkov might be willing to meet with his Western counterparts came from Russia's United Nations delegate, Andrei Vishinsky. Vishinsky told U. N. correspondents in New York Tuesday "there is no special problem" in arranging face-to-face discussions between Malenkov and Western leaders.

He insisted such a meeting could be called "without a preliminary test of the sincerity and good intentions of the Soviet Union"—the condition Eisenhower and Dulles have laid down.

### Resume Aid To Israel

The President also told reporters:

1. United States economic aid to Israel will be resumed since Israel has agreed to suspend work on a hydroelectric power program which Arab neighbors charged would divert Jordan River water to their injury.

Israel announced yesterday it would hold up the project while the United Nations Security Council debates the issue.

Eisenhower said he was delighted by this decision. He did not say just when aid to Israel would be resumed.

### No Active Campaign

2. There exists no plan of any kind for reducing the armed forces

of the United States anywhere.

3. It is conceivable that he will make some general statement urging the election of a Republican Congress next year, or even that he may give an incidental pat-on-the-back to some individual candidates. But he reiterated a previous stand that he will not go into any state or congressional district to campaign.

4. He hopes and believes cattle prices have reached the bottom and are on the way back up. In that connection, the President said only a future drought or other crisis would justify calling a special session of Congress to deal with the farm problem.

5. When he shook hands with Paul Troast, Republican candidate for governor of New Jersey, on a recent visit to Atlantic City, he had never heard of Joseph (Joey) Play, the imprisoned union official whose release Troast has sought in a written appeal to New York Gov. Thomas E. Dewey.

## CATTLEMEN'S CARAVAN HITS TRAIL FOR HOME

WASHINGTON (AP)—The cattle-horne Wednesday, its members voicing chagrin at lack of success in the capital but vowing to take their fight for livestock price supports to the political grass roots.

At their windup session Tuesday, they greeted enthusiastically a suggestion that each man carry the campaign for a government floor livestock price to his own congressman and senators.

The cattlemen appeared to have written off completely any idea of getting direct price supports from Secretary of Agriculture Benson.

"Benson isn't going to help us," said James G. Patton, president of the National Farmers Union,

which organized the caravan. "He had the perfect chance to do it while these men were here, if he was going to do it."

Patton said in an interview that a new caravan would march on Washington "that will make this one look like a small affair" if Congress doesn't vote high-level price supports for livestock.

Dennis Driscoll of Colorado Springs, Colo., elected by the cattlemen as their chief spokesman here, had this reply when asked if the next moves of the livestock men must be in the political arena:

"I hope not but I'm afraid they will have to be."

The 350 cattlemen from 30 states outlined their case calmly to Benson and his top aides in their two-day talks, but after their final interview Driscoll called the secretary "obstinate" and "a square peg in a round hole."

Some cattlemen also voiced disappointment that they did not get to see President Eisenhower

## COOK KILLED BY BLOW ON HEAD

BLOOMSBURG, Pa. (AP) — The Columbia County coroner reported Wednesday a 59-year-old cook at the Danville State Hospital died of a blow on the head, believed to have been administered by one of his patients.

Coroner S. Earl McHenry said an autopsy performed on the body of James E. Long of Northumberland R. 1 showed that the previous verdict of cerebral hemorrhage was incorrect.

"Long was either struck on the head with a blunt instrument or hit his head on a wall or the floor after being struck," McHenry told a newsman. "We are trying to find out who did it."

Dr. Joseph Roth, a Wilkes-Barre pathologist who performed the autopsy last night, ruled the death

was due to a "traumatic fracture of the skull caused by a blunt instrument or from a fall." However, he said, there were no external indications of a fatal injury on the body.

Long was brought to Bloomsburg Hospital Saturday morning from the Danville State Hospital where

he was employed as a cook for several years. He had been found unconscious at the institution. Long died in the hospital Sunday.

State police from the Milton barracks are investigating.

At the equator days and nights are almost the same length all year.

# Army Reveals Atrocities By Communists In Korea; 6,113 Americans Probable Victims

By ELTON C. FAY  
WASHINGTON (AP)—The Army has laid before the world a documented indictment of Communist atrocities in Korea listing 6,113 Americans as probable victims. It tells how captured GIs were dragged on death marches, roasted alive, lined up and shot. The document, compiled by the Army's war crimes division and released last night, includes charts and graphs and photographs of bound, charred bodies.

A total of 28,815 "probable" atrocity victims of all nationalities were listed.

**Not New Figures**  
The statistics weren't new. They closely corresponded to an official estimate of 6,000 released after Col. James M. Hanley of a war crimes investigation unit first brought mass Red atrocities to public notice in November 1951. But in the Army's new report, what survivors had to say was grim reading. For instance: "One of the boys had no head; it seemed to have been mashed or beaten and was lying all over the road. . . . The other GI had his eyes gouged out, and nothing remained where his eyes were except holes."

**Most In First Year**  
The report indicated most of the atrocities occurred in the first year of the war when the North

Koreans invaded South Korea. There was a smaller upsurge when the Chinese entered the war and hurled the Allies back from the region of the Yalu River.

The Chinese were charged with 27.3 per cent, the North Koreans with almost all the rest.

There were clues to the Army's reason in a statement by Secretary Robert T. Stevens which accompanied the text.

**No Names Used**  
He said releasing details of such "cold-blooded . . . torture and murder . . . is one of the best answers that can be given to anyone who questions the need for strong military defenses."

The Army has had the affidavits, investigation findings and pictures in its possession since the early days of the Korean War. But policy makers had debated whether the ghastly details—especially the pictures—should be released because of the impact on relatives of men reported dead or missing.

Officials know that pictures of dead and wounded men often are mistakenly identified by grief-stricken relatives. No names were used, of course.

## BIG 3 READY TO URGE U.N. REBUKE AGAINST ISRAEL

UNITED NATIONS, N. Y. (AP)—The Western Big Three were reported today to urge a U.N. Security Council rebuke against Israel for the recent border killings in an adjoining Arab village, and to call for more U.N. "watch-dogs" in the troubled area.

Israel Chief Delegate Abba S. Eban also served notice he intends to go over the whole Middle East security question before the council today. Eban accused the Arab states last night of conniving to keep up tension in Palestine.

Western sources said Britain, France and the United States would submit a resolution to the council late today, denouncing the armed Israeli raid on the Jordan village of Kibya which cost 53 Arab lives. They said the resolution also would call for more truce supervisors in Palestine.

**Consider Arms Embargo**  
Dispatches from London said the Big Three were considering also asking for an automatic arms embargo against whichever side the council finds guilty of violating the truce agreements in the future.

One U.N. source said if truce violations were labeled formal aggressions the embargo would follow anyway.

The reported plan to increase the truce supervisors brought praise from the Arabs and sharp criticism from Israel.

Eban had no comment on the announcement that U.S. aid to Israel is being resumed as a result of the latter's agreement to halt work on a Jordan River project strenuously opposed by Syria. But he labeled "frivolous" the U.S. pinpointing of the Syrian complaint as the reason for suspending aid in the first place.

## Say Slayer Is Not "Mentally Ill"

CARLISLE, Pa. (AP)—Cumberland County Court was told yesterday that Clyde V. Ensminger was "not mentally ill" when he killed his wife and 13 year old daughter and set their home at nearby Blosserville on fire.

The pronouncement was made by three psychiatrists from the Harrisburg State Hospital. Their report went to Judge Dale F. Shughart who still must decide the degree of guilt and the penalty.

Ensminger pleaded guilty on the fifth day of his trial before the September term of Cumberland County Court.
